Coverage & Time

Coverage time is the time we spend photographing you on your wedding day. We often arrive an hour early to set up and to visualize our plan for creating your portraits. We do this at no additional fee. We only book one wedding on any one day so that we can give all our attention to you. The hourly charge is \$85 per hour for the services of Rod and Lynda. To fully tell your story we do require a minimum time investment of 4 hours; however, typical wedding coverage is between 6 to 8 hours.

Payments

Our wedding coverage allows you to pay over 4 payments. The first payment of \$700 is due at the time you sign your contract to retain the date. The remaining payments will be evenly spaced between the booking date and the wedding date, the total amount is used in your wedding collection and hours of coverage. We will guarantee our prices for weddings booked within one year of the wedding date.

Bridal Registry

What could be a more perfect gift? For our brides that are interested, let us know before you mail your shower or wedding invitations and we will print up gift registry cards for you to include with them. Your guests will receive a beautifully boxed gift certificate for the amount given. When you come in to place your order, we will add up all your "gifts" and deduct that amount from your final total. We will also include, with your album, a certificate with all of your guests who contributed towards your album. What a wonderful way to get those extras in your album or a wall portrait of your special day.
